Fees and Terms of Residency for incoming students

The Collegio di Milano is open all year round and the monthly cost for the A.Y. 2020/2021 is **€ 1,200.00 for students residing in the Collegio** (full fee).

The period of residency at the Collegio di Milano must always be a minimum of one semester, and cannot be split up. The first semester of the A.Y. 2020/21 lasts from September 1, 2020 to January 31, 2021; the second semester lasts from February 1, 2021 to July 31, 2021.

In the month of August 2021 it will be possible to stay at the Collegio di Milano and, considering the reduction in services, the monthly cost will be € 750.00 (€ 200.00 for weekly stay).

The maximum duration of residency in the Collegio for a student is equal to the number of semesters needed to complete their main course of University study, without going off-track.

Having passed the selection process, admitted students in order to confirm must send the signed agreement with the Collegio di Milano and undersign the Educational Agreement (www.collegiodimilano.it/en/campus).

If a student arrives during a semester already in progress, or if they decide to leave the Collegio di Milano before the end of a semester, he/she will still be required to pay the amount covering the entire semester.

Only students who attend the Collegio di Milano for at least two semesters, respect the rules outlined in the Educational Agreement and are up to date on all payments, will be granted a diploma.

Scholarships and Financial Aid

The Fondazione Collegio delle Università Milanesi supports “the capable and meriting, even if lacking in means” to augment social mobility; for this reason, it has adopted a system of scholarships reducing the cost of participation.

For the A.Y. 2020/2021, the new scholarships, in addition to the ones already provided, are the following:

- n. 3 scholarships in the amount of € 2,200.00, per annum;
- n. 2 scholarships in the amount of € 5,000.00, per annum;
- n. 1 scholarship *Avv. Maria Grazia Curletti* in the amount of € 5,000.00, per annum;
- n. 1 scholarship in the amount of € 8,000.00, per annum.

The scholarships are implemented as reductions in the fees to be paid, and not as an amount of money paid to the student. There is also the alternative possibility of residency in a shared one-bedroom flat as an option of financial aid. The scholarships and the shared one-bedroom flat cannot be combined with each other, and at the end of every semester an evaluation will be done to confirm the need for the aid. Such scholarships will be forfeited in the case of receiving an award from the specific “COVID-19 Support” defined below and for the duration of this support.

After having received notification of his/her admission to the Collegio di Milano, student may apply for a scholarship by emailing borsestudio@collegiodimilano.it with the following documents:

- ISEE certificate issued in 2020 for support services for the Diritto allo Studio Universitario specifying the student applicant tax code;

- letter of motivation regarding the student's reason for applying for the scholarship;
- self-certification of grants received from public or private institutions or self-certification of absence of any grants received.

Scholarships and financial aid provided by the Fondazione Collegio delle Università Milanesi have a semestral duration; to get the possibility to submit the application for the upcoming semester the student has to send a new request for the scholarship/aid by the required deadline and must meet the following requirements:

- academic performance in line with the standards required by the Collegio di Milano (achieving an average of at least 27/30 on University exams, and being within the expectations of number of credits earned as required in the student's field of study);
- respect of the Educational Agreement of the Collegio di Milano, and participation with dedication and motivation to the Cultural Activities;
- the student has not received any official warnings;
- the student is current on all outstanding payments;
- show the need for economic support.

For the 1st semester of the A.Y. 2020/2021, the Fondazione Collegio delle Università Milanesi developed a financial support system named "**COVID-19 support**" that can be applied for by students who, after being admitted to the Collegio di Milano, are unable to reach the Collegio di Milano due to the existing restrictions and/or students who are enrolled at a University that for the 1st semester of the A.Y. 2020/2021 only offers online courses. Students who are granted this support will have "Student of Collegio di Milano" status, they can attend Cultural Activities, have access to Tutorship and Career Service and will be guaranteed an accommodation spot.

After being admitted, following the procedure indicated by the Admissions Office, the student can state whether he/she intends to apply for such support and submit an application to borsedistudio@collegiodimilano.it (the documentation to submit is the same as that required for applying for the financial aid scholarships). The support will vary between 50% and 70% of the entire tuition.

Students that receive "COVID-19 Support" will be able to enter the Collegio, after communicating to the Student Life Office and according to indications provided by this office, in the period between 09/01/2020 and 01/31/2021. Starting from the 1st of the month in which the student makes use of accommodation at the Collegio and of the residential services combined, the "COVID-19 Support" will expire and the entire tuition will be due by the student.

Awarding of scholarships is managed by the Committee of Admissions, Fees and Scholarships at its sole discretion.

Students excluded from the possibility of receiving these aids are non-resident students and students who received a scholarship and/or financial aid supplied by the Italian Istituto Nazionale della Previdenza Sociale - INPS or by the Italian Ente Nazionale di Previdenza ed Assistenza Medici - ENPAM (those entitled to INPS or ENPAM benefits can obtain more information about the grants and access to these grants through their website: www.inps.it and www.enpam.it).
